AN ACCIDENT OCCURTED to a laborer at the foundry of Messra, Hamilton & Co. yesterday, which resulted in his serious injury. We understand that he was standing on the edge of the pit, in which the flask is let down preparatory to easing the 20-inch water pipes, and fell down into it a distance of eight or ten feet, his back striking a beam at the bottom. He was got out of the pit with the help of a ladder, which was put down. He was found to be very seriously injured.

Some civil business of no public interest was transacted, and one man naturalized, and the Court adjourned until this morning at 9 o'clock.

A SPLIT BETWEEN OLD FRIENDS.—
As Captain Noah Price was going home
to supper evening before last, he heard
the sounds of augry alterestion in front
of Geoge Dusch's tavern, on Market

found Martin Rupert, a gentleman

highly colored language towards Mr

Mr. A. talks right to the point, and at once commenced expressing himself to Mr. Barkly in regard to the conduct of Mr. H. in having his, Mr. A.'s, brother brought before the Police Court. As he talked he warmed, and, turning to Mr. H., called him s''d—dpup."

Mr. Barkly now acted the part of peacemaker and took Mr. A. out. Afterwards Mr. H. went to the door of the shop, and was standing there, when Mr. A. came along and wanted to thrash him. Mr. H. would neither thrash him. Mr. H. would neither thrash him. Mr. H., who carries on a tobacco establishment in a portion of the house in which Mr. H. resides, was heard making a great noise in bis shop. Mr. H., whose curiosity is lively, went to the door and saw a crowd of people, curious like himself, standing around and apparently enjoying the antics of Mr. A. the intimated something of the kind to the by-standers. Mr. A., who still cherished the injury done his only brother, heard him, and forthwith came at him with sleeves rolled up.

Mr. A. sabe hadserved his brother. He had him brought before Judge Good, yesterday morning, who imposed a fine of \$5 and costs.

A BUCKETFUL OF HOT WATER.—Mr.
George A. Frobie dwells in close proximity to Mrs. Caroline Schaffer, and between him and her some difficulty has heretofore existed. So great a difficulty, in fact, that Mr. F. nailed a few boards on his own fence to spite Mrs. Caroline.

The lady may have said something in consequence to Mr. F. or other neighbors, but of this we are not informed. At any rate, she entertained a deadly intent towards Mr. F. for nailing boards on his own fence. She bided her time. She was not the lady to throw away a substantial victory by too hasty action. She waited patiently for zeveral days.

Finally, Mr. Froble and a little boy came within distance on Saturday evening last, about 5 o'clock. They were standing below Mrs. Caroline's porch. She had a bucket of water ready. She selzed it and dashed it all over Mr. F. and the little boy. Mr. F. felt so unacoustomed a sensation that

over Mr. P. and the little boy. Mr. F. felt so unaccustomed a sensation that he swore positively it was hot. The boy's back showed it, he said, for it was all red when he took off his clothes.

This deed accomplished, it would have been fair to presume that Mrs. Caroline was satisfied. Not so. She went into her house, and, as she stood at the window, expressed her regret that ahe had not killed Mr. F. She stated that that was her intention.

Mr. F. does not believe that it is right and proper for any woman, Mrs. Caroline least of all, to throw hot water on him. He therefore complained, and although Mrs. Caroline's husband pleaded her cause with all the skill of a learned advocate, putting many pix-sling questions to Mr. F. on cross examination, he was unsuccessful. Mrs. Caroline was fined \$10 and costs.

The Committee on Accounts reported several bills amounting to \$22 paid, also \$2.040, paid to teachers as salary, during the month of September, 1886.

The committee appointed to examine the validity of the title to school lots on the corner of Fourth and Centre streets, reported that it was good. The same committee also reported against selling the school lots on the the corner of Sixth and Zane streets.

On motion a committee was appointed to report upon the propriety of selling lots on the corner of Fourth and Centre streets.

on motion, it was agreed that the Commissioners of Madison Townships allowed to make such changes in the classes of the schools of that Township as they may think proper, on condition that the expenses of those schools should not be increased.

On motion it was ordered that teach-

On motion, it was ordered that teachers of all grades be paid according to the same system as was pursued last year; the janitor's bill to be certified to by one or more Commissioners of the Township.

A resolution, authorizing the teachers of any school to discontinue teaching for two days in any one year, for the purpose of visiting other schools in the district, the Superintendent of Schools to designate time and school, was offered and passed.

On motion, it was resolved that the Clerk of the Board be exonerated from liability (pecuniary?) for informality in settling the accounts of teachers and others.

On motion, it was ordered that the Clerk be authorized to advertise for proposals to supply coal to the school-houses during the term.

A lengthy and lucid discussion now ensued apon the question of paying salaries to telechers. Finally a motion was offered and adopted, which settled the argument.

The report of the Superintendent of City Schools was received and read, from which it appeared that the number of pupils enrolled in the city schools is 2,098, the average daily attendance, 1,855, and the percentage, of attendance for the month, 88; the amount paid as salaries to teachers, amounte for the month, 88; the second paid as salaries to teachers.

The Board did not act in these cases, but, we suppose, will investigate the matter thoroughly at its next session. Besides these, two other cases were presented, and continued until the next meeting of the Board.

The registry books of the different townships in the city and county, were received and examined, when it appeared that there was an increase in the county of 622 registered voters since the 24th of May last. Rev. W. B. Watkins was greeted with a full house last night at Washington Hall, to listen to his celebrated lecture on the "Use, Abuse and Beauty of Enlish Words," The lecture was quite a success, being full of the finest language we have heard for—we don't know how long. It seemed to us, however, that the lecturer 'traveled slightly out of his way to bestow praise upon the "flag." We, of course, do not object to hear fine talk about the "flag." duction in a philological lecture.

Barring this, we repeat what we have already said, the lecture was a success.
